Professions for children 14 years old

If you are 14 years old, you can work as a courier, but you have to work only 4 hours a day when you are not at school. You will get 500 rubbles for each 2 hours. This way, you can earn about 28000 in a month.

You can also work as an actor/actress in schools, theaters and other places.

My future profession

I think, that the most useful and interesting job is a lawyer. I want to be a lawyer, because I want to have a big experience in knowledge of the laws. It is very important to know all your rights and duties to help people in hard situations.

If you want to be a lawyer, you should work hard at school and practise at home. I am a well-organised person. I have always been good at English and Social Science.

I always know what I am doing. I have a good knowledge, that will help me to know all articles in law book. I am very ambitious too. I will not give up until I reach my goal.

I realize that a lawyer would be a good occupation for me

The Features of job: knowledge of the Constitution and working with laws.

In the end I want to say that working as a lawyer gives you a big opportunity to have a lot of money, because a lawyer is a well-paid job.
