Read the text and answer: What a perfect house is? What is your perfect house?

Every person has his own idea of a perfect house. Since the time immemorial people always wanted to make their dwelling a place, where one feels comfortable and cosy, where one always wants to come back to. A dwelling of my dream is not a flat but a two-storeyed mansion. And as a real hostess I'd like to arrange everything in the house according to my taste. Now, let me tell you about my house. When you come to me, you push a big wooden front door, wiping your feet on the door-mat, and enter the hall. The floor is covered with a fitted carpet, the wallpaper is light and has a small pattern. There's a seat and a small table near the wall and a huge mirror above it. Then you enter the living-room. The bright full-length curtains are drawn back, and sunshine fills the room. The living-room suite, consisting of a sideboard, a bookcase, a sofa, an elegant coffee table and three armchairs, is arranged around three walls. There's a video system near the window. On the ground floor there's also a kitchen and a bathroom. The kitchen is a very large room with a big window. There is a gas cooker with a hood, two wall-cupboards and a sink unit there.
